

TUDOR

Door & Furniture

Bespoke design,
manufacture and
installation

The Value of Experience

Specialising in the design, manufacture and installation of doors and doorsets, providing expert service and exceptional products

High performance, Exceptional service

Welcome to Tudor Door & Furniture. We're a UK-based company supplying external and internal doors and doorsets to builders and developers working in the commercial, residential, leisure, hospitality and public sectors.

Our service is completely flexible. With a wide range of skills in house, including our own design team, we can work to any architect's specifications and take care of everything from design and manufacture to distribution and installation. We can handle as little or as much of the process as you need.

Our unique approach saves you the time and inconvenience of managing multiple suppliers, as well as allowing us to offer high quality and performance at an affordable price. And because we know the slightest hold up could have big impact on your timescales, we guarantee we'll meet every project milestone and always deliver on time.

Quality you can depend on

When you work with us, you'll benefit from four generations' worth of industry experience and expertise. We consider every detail and insist on the highest standards in everything we do, so you can be sure of exceptional quality that's built to last. Our products are also fully compliant with UK and European standards.

“ Every door that leaves our workshop has the highest level of workmanship. We are proud of each product and our great team that helped produce it.
